“93% of funds given to nonprofit organizations came from traditional means in 2014”

*–According to Blackbaud’s 2014 Charitable Giving Report*

ThinkShout

# Times are Changing

- Online giving has been steadily growing, up 8.9% from 2013 to 2014.
- M+R's 2015 Benchmark Study found a 13% increase in the number of gifts.
- Digital natives are more likely to donate online.
- Small orgs benefit the most from online giving.

Donate

# Great. So, Why this Guy?

ThinkShout

# CMS Integration

"Six times more money is raised through custom-branded donate pages than through third-party donate pages."

– *http://www1.networkforgood.org/digitalgivingindex*

ThinkShout

# CMS Integration

- Direct users to the donation form when they’re ready.
- Craft a compelling experience leading up to the donation.
- Focus a users attention on just the donation.

# Customized User Experience

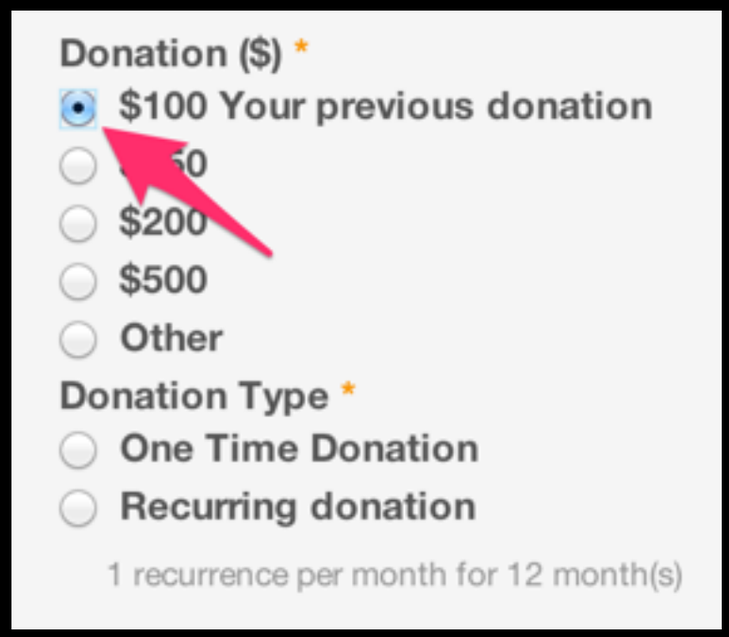
## Without



ThinkShout

# Where’s my Data?

# Payment Processing

- Use any payment gateway and easily change providers.
- Pay only processing fees, not the added service fees.

# Under One Roof

# Challenges

# PCI Compliance

# Upfront Costs

# vs

# Total Cost of Ownership

# Bugs!

Donations are among the most important interactions a constituent will have with an organization.

Don’t give that away a to a 3rd party service!

# I’m convinced.

How do we do it in Drupal?

ThinkShout

# Fundraising Stack

Drupal

Drupal Commerce

RedHen CRM & Donation

ThinkShout

# RedHen Donation

- Enable donations on *any* entity in Drupal.
- Single page donation forms.
- Use any payment method or processor.
- One time and recurring payments.
- “Automagically” create and update contacts.

ThinkShout

# RedHen RAISER

ThinkShout

# Key Raiser Features

- Multiple campaigns
- Hierarchical team management
- Donor tools: blogs, updates, progress widget
- Plug and play
